Convenience Translation of the Auditor's Limited Review Report

Independent Auditors' Report on Review of Interim Financial Information

To the Board of Directors of Bank of China Turkey A.Ş.

Introduction

We have reviewed the statement of financial position of Bank of China Turkey A.Ş. ("the Bank") at March 31, 2026 and the related statement of profit or loss, statement of profit or loss and other comprehensive income, statement of changes in shareholders' equity, statement of cash flows and a summary of significant accounting policies and other explanatory notes to the financial statements for the three month period then ended. The Bank Management is responsible for the preparation and fair presentation of interim financial information in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated November 1, 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency ("BRSA") and circulars and interpretations published by Banking Regulation and Supervision Authority ("BRSA") and Turkish Accounting Standard ("TAS") 34 "Interim Financial Reporting" for those matters not regulated by BRSA Legislation (together referred as "BRSA Accounting and Financial Reporting Legislation"). Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying financial statements do not give a true view of the financial position of Bank of China Turkey A.Ş. at March 31, 2026, and the results of its operations and its cash flows for the three-month-period then ended in all material aspects in accordance with the BRSA Accounting and Financial Reporting Legislation.

**Shape the future
with confidence**

Report on other regulatory requirements arising from legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim activity report in Section XII, are not consistent with the reviewed financial statements and disclosures in all material aspects.

BANK OF CHINA TURKEY A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated.)

SECTION ONE

GENERAL INFORMATION

I. History of the Bank including its corporation date, initial status and amendments to the initial status

Bank of China Limited (“the Parent Company”) began its activities in Turkey through Bank of China Limited Turkey Representative Office opened in 2011. Banking Regulation and Supervisory Agency (BRSA) authorized the Bank to establish a deposit bank in Turkey with the decision numbered 6880 dated May 2, 2016. As BRSA’s establishment permission, as per the decision numbered 7612 dated December 1, 2017 and published on the Official Gazette no 30263 dated December 7, 2017, the Bank got the official operational license, with 99.99% of shareholding of the Parent Company; the Bank has been announced in the Trade Registry Gazette dated January 17, 2017, numbered 9243 along with the Articles of Association dated January 10, 2017.

The Bank started its banking activities on May 9, 2018.

II. Capital structure, shareholders controlling the management and supervision of the Bank directly or indirectly, and if exists, changes on these issues and the Group that the Bank belongs to

Besides being one of the biggest public banks in the People’s Republic of China, the Parent Company, Bank of China Limited, who holds 99.99% of the Bank’s shares is also one of the biggest banks in the world and has a respectable reputation for over a hundred years. Since the establishment of the London Branch in 1929, which was the first overseas branch, Bank of China, who represents the People’s Republic of China best in the international arena, established its representative office in 2011, in Istanbul, Turkey. There have not been any changes in the Bank’s partnership structure in 2026.

III. Information on the Board of Directors, Members of the Audit Committee, president and executive vice presidents, changes in these matters (if any) and shares of the Bank they possess

Members of the Bank's Board of Directors, Audit Committee Members, General Manager and Deputies as of March 31, 2026 are stated below. None of the members of the Board of Directors (including General Manager) has shareholding interest in the Bank.

The Chairman and the Members of the Board of the Directors:

Name	Title	Assigned Date	Education
Xiaoqing ZHANG	Chairman of the Board of Directors	16 November 2023	PhD Degree
Xiaoming GAO	Member of the Board of Directors and General Manager	10 September 2021	PhD Degree
Yan HAISI	Member of the Board of Directors	05 December 2024	Master’s Degree
Lixin GUO	Deputy Chairman of the Board of Directors	3 November 2025	Master’s Degree
Özgür DALGIÇ	Member of the Board of Directors	10 January 2017	Master’s Degree

Members of the Audit Committee:

Name	Title	Assigned Date	Education
Lixin GUO	Deputy Chairman of the Board of Directors and Chairman of the Audit Committee	3 November 2025	Master’s Degree
Xiaoqing ZHANG	Member of the Board of Directors	5 December 2023	PhD Degree
Özgür DALGIÇ	Member of the Audit Committee Responsible for Internal Systems	4 May 2017	Master’s Degree

BANK OF CHINA TURKEY A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated.)

GENERAL INFORMATION (Continued)

III. Information on the Board of Directors, Members of the Audit Committee, president and executive vice presidents, changes in these matters (if any) and shares of the Bank they possess (Continued)

Assistant General Manager (s):

Name	Title	Assigned Date	Education
Onur Sekizyaralı	Assistant General Manager	December, 23 2024	Bachelor's Degree
Xin Jin	Assistant General Manager / Acting General Manager	January 21, 2026	PhD Degree

IV. Information on the Banks' Qualified Shareholders

In accordance with the definition of qualified share in the Banking Law numbered 5411 and Article 13 of the Regulation on the Bank's Transactions Subject to Permission and Indirect Shareholding, qualified shareholders are given below;

Name Surname/Company	Shares	Ownership	Paid-in Capital	Unpaid Capital
Bank of China Limited	1,051,230	99.99%	1,051,230	-

V. Summary Information on the Bank's Functions and Business Lines

As it is stated in Article 3 of the Articles of Association, the objective and purpose of the Bank whose General Directorate is located in Istanbul, is that the main field of activity is corporate banking. As of March 31, 2026, the Bank serves with 58 employees (March 31, 2025: 54 employees).

VI. Differences between the communique on preparation of consolidated financial statements of banks and Turkish accounting standards and short explanation about the entities subject to full consolidation or proportional consolidation and entities which are deducted from equity or entities which are not included in these three methods

None.

VII. Existing or potential, actual or legal obstacles to immediate transfer of capital between Bank and its subsidiaries and repayment of debts

None.

ACCOUNTING POLICIES

I. BASIS OF PRESENTATION

a. Preparation of the financial statements and related notes and explanations in accordance with the Turkish Accounting Standards and Regulation on the Principles and Procedures on the Accounting Practice and Documentation of Banks

The unconsolidated financial statements are prepared in accordance with the “Regulation on the Principles and Procedures Regarding Banks’ Accounting Applications and Safeguarding of Documents” published in the Official Gazette No, 26333 dated November 1, 2006 by the Banking Regulation and Supervision Agency (“BRSA”) which refers to “Turkish Accounting Standards (“TAS”) 34 - Interim Financial Reporting” and “Turkish Financial Reporting Standards (“TFRS”) issued by the Public Oversight Accounting and Auditing Standards Authority (“POA”) and other decrees, notes and explanations related to the accounting and financial reporting principles published by the BRSA. The format and the details of the publicly announced financial statements and related disclosures to these statements have been prepared in accordance with the “Communiqué Related to Publicly Announced Financial Statements of Banks and Explanations and Notes Related to these Financial Statements” and changes and notes to this communiqué published in the Official Gazette No, 28337 dated June 28, 2012.

The Bank maintains its books of accounts in Turkish Lira in accordance with the Banking Act, the Turkish Commercial Code (“TCC”) and Turkish Tax Legislation.

The financial statements have been prepared in Turkish Lira (TRY), based on the historical cost basis except for the financial assets, liabilities and derivatives, which are expressed with their fair values.

Entities whose functional currency is the currency of a hyperinflationary economy present their financial statements in terms of the measuring unit current at the end of the reporting period according to “TAS 29 Financial Reporting in Hyperinflation Economies”. Based on the announcement made by Public Oversight, Accounting and Auditing Standards Authority (POA) on 23 November 2023, entities applying Turkish Financial Reporting Standards (TFRSs) are required to present their financial statements by adjusting for the impact of inflation for the annual reporting period ending on or after 31 December 2023, in accordance with the accounting principles specified in TAS 29. In the same announcement, it was stated that institutions or organizations authorized to regulate and supervise in their respective scope might determine different transition dates for the implementation of inflation accounting, and in this context, Banking Regulation and Supervision Agency (BRSA) has decided in accordance with the Board decisions numbered 10744 on 12 December 2023, numbered 10825 on 11 January 2024, numbered 11021 on 5 December 2024 and finally, numbered 11340 on 18 December 2025 that banks, financial leasing, factoring, financing, savings financing and asset management companies has not applied inflation adjustment required under TAS 29 for the years 2023, 2024, 2025, and 2026.

Additional paragraph for convenience translation into English of financial statements originally issued in Turkish

The differences between accounting principles, as described in these preceding paragraphs and accounting principles generally accepted in countries in which unconsolidated financial statements are to be distributed and International Financial Reporting Standards (“IFRS”) have not been quantified in these unconsolidated financial statements. Accordingly, these unconsolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

ACCOUNTING POLICIES (Continued)

I. BASIS OF PRESENTATION (Continued)

b. Accounting policies and valuation principles applied in preparation of financial statements

The accounting policies and valuation principles used in the preparation of the financial statements are selected and applied in accordance with the requirements set out in regulations, communiqués, statements and guidance published by the BRSA and if there is no special regulation by the BRSA, in accordance with the principles within TAS / TFRS.

The accounting policies and valuation principles applied in the preparation of the accompanying financial statements are explained in Notes II and XXII below.

In preparing the financial statements in accordance with TFRS, the Bank's management is required to make assumptions and estimates about the assets and liabilities on the balance sheet and conditional issues as of the balance sheet date. These assumptions and estimates are reviewed regularly, necessary adjustments are made, and the details of the effects of these adjustments are reflected in the income statement as described in the related footnotes.

c. Changes in accounting policy

New and revised Turkish Accounting Standards effective for annual periods beginning on or after 1 January 2026 have no material effect on the financial statements, financial performance and on the Bank's accounting policies. New and revised Turkish Accounting Standards issued but not yet effective as of the finalization date of the financial statements have no material effect on the financial statements, financial performance and on the Bank's accounting policies.

II. EXPLANATIONS ON THE USAGE STRATEGY OF FINANCIAL INSTRUMENTS AND ON FOREIGN CURRENCY TRANSACTIONS

The Bank operates in the fields of Corporate Banking and Treasury banking in Turkey, The Bank provides cash, non-cash loans, project financing and corporate finance services to its corporate customers under the umbrella of corporate banking.

The Bank's most important funding source is its capital. Most of the Bank's assets consist of placements to banks. While capital is evaluated in high quality financial assets, an asset-liability management strategy is followed to keep interest, liquidity and exchange rate risks within certain limits. Foreign currency, interest and liquidity risks carried in the balance sheet and off-balance sheet assets and liabilities are managed within the framework of various risk limits and legal limits adopted by the Bank. The position of the Bank as a result of its foreign currency operations is kept at a minimum level and the foreign exchange rate risk is monitored within the framework of the Banking Law.

Explanation on foreign currency transactions:

Foreign exchange gains and losses arising from the foreign currency transactions are converted into Turkish Lira by using the exchange rates at the date of the transaction and recognized in accounting records. At the end of the Periods, foreign currency assets and liabilities are converted into Turkish Lira by using the spot foreign currency exchange rates of the Bank at the end of the Period and the related currency conversion differences are recognized as foreign exchange gains and losses.

III. EXPLANATIONS ON FORWARD TRANSACTIONS, OPTIONS AND DERIVATIVE INSTRUMENTS

The Bank's derivative instruments are classified as "Derivative Financial Assets Measured at Fair Value through Profit and Loss" or "Derivative Financial Assets Measured at Fair Value through Other Comprehensive Income" in accordance with "TFRS 9".

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

In accordance with TFRS 9, forward foreign exchange contracts, swaps, options and futures transactions are classified as “Derivative Financial Assets Measured at Fair Value through Profit and Loss”. Derivative transactions are recorded at their fair value at the date of the contract. In addition, liabilities and receivables arising from derivative transactions are recorded in off-balance sheet accounts at contractual amounts.

As of March 31, 2026, the Bank has 9 TRY derivative financial liability which is classified as “Derivative Financial Liabilities Measured at Fair Value through Profit and Loss” (December 31, 2025: none)

IV. INFORMATION ON INTEREST INCOME AND EXPENSES

Interest income and expenses are recognized at fair value and accrued on an accrual basis using the effective interest method (the rate that equals the future cash flows of a financial asset or liability to its present net carrying amount) based on the principal amount outstanding.

V. EXPLANATIONS ON FEE AND COMMISSION INCOME AND EXPENSES

According to the nature of fees and commissions; commission income / expenses collected for any future transaction are recognized on an accrual basis and other fee and commission income / expenses are recognized in accordance with TFRS 15 in the Period in which they are incurred.

VI. EXPLANATIONS ON FINANCIAL ASSETS

Within the framework of the business plan, the Bank classifies and accounts for its financial assets as "Financial assets at fair value through profit or loss", "Financial assets at fair value through other comprehensive income “or "Financial assets at amortized cost". Such financial assets are accounted for in accordance with the "TFRS 9 Financial Instruments" standard, which is about the classification and measurement of financial instruments published in the Official Gazette dated January 15, 2019 and numbered 30656 by the Public Oversight Accounting and Auditing Standards Authority. The Bank is registered or issued in accordance with the provisions of "Inclusion in Financial Statements and Exclusion from Financial Statements" in the third part of the standard, effective from January 1, 2018.

In the first measurement of financial assets other than “Financial Assets at Fair Value Through Profit/Loss”, transaction costs are added to the fair value or deducted from the fair value.

The Bank recognizes a financial asset only when it is a party to the contractual provisions of the financial instrument. The first time that a financial asset is included in the financial statements, the characteristics of the business model and the contractual cash flows of the financial asset are taken into account by the Bank Management. When the business model determined by the bank management is changed, all financial assets affected by this change are reclassified and the reclassification is applied in the future, In such cases, no adjustments are made to the earnings, losses or interests previously recognized in the financial statements.

The Bank has TRY 1,996,320 financial assets at fair value through profit as of March 31, 2026. (December 31, 2025: TRY 1,786,137).

Financial assets measured at amortized cost:

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost,

Financial assets measured at amortized cost are initially recognized at their acquisition cost including the transaction costs, which reflect the fair value of those instruments and are subsequently recognized at “Amortized Cost” by using “Effective Interest (Internal Efficiency) Rate” method. Interest income obtained from financial assets measured at amortized cost is accounted in the income statement.

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

VI. EXPLANATIONS ON FINANCIAL ASSETS (Continued)

Loans and Receivables:

Loans are financial assets that have fixed or determinable payments and are not quoted on an active market. Such loans are initially recognized at cost with fair value reflecting transaction costs and are measured at amortized cost using the "effective interest rate (internal rate of return) method".

VII. INFORMATION ON IMPAIRMENT OF FINANCIAL ASSETS

As of January 1, 2020, the Bank started to recognize provisions for impairment in accordance with TFRS 9 requirements according to the "Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside" published in the Official Gazette dated June 22, 2016 numbered 29750. In this framework, as of December 31, 2019, method of provisions for impairment as set out in accordance with the related legislation of BRSA is changed by applying the expected credit loss model under TFRS 9. The expected credit loss estimates are required to be unbiased, probability-weighted and include supportable information about past events, current conditions, and forecasts of future economic conditions. The Bank sets aside the expected loss provision for its financial assets measured at amortized cost and at fair value through other comprehensive income.

These financial assets are divided into three categories depending on the gradual increase in credit risk observed since their initial recognition:

Stage 1:

For the financial assets at initial recognition or for those which do not have a significant increase in credit risk since initial recognition. Impairment for credit risk is recorded in the amount of 12 month expected credit losses.

Stage 2:

In the event of a significant increase in credit risk since initial recognition, the financial asset is transferred to Stage 2. Impairment for credit risk is determined based on the instrument's lifetime expected credit losses.

Stage 3:

Stage 3 includes financial assets that have objective evidence of impairment as of the reporting date. Lifetime expected credit losses are recorded for these assets.

Use of current conditions, past events and macroeconomic forecasts:

After making a segment separation according to the counterparty of the receivable, the Bank takes into account the different macroeconomic scenarios created for the corporate portfolio, using past events, current conditions and economic prospects for the future. The Bank uses three macroeconomic scenarios as base, positive and negative for future projections. The macroeconomic model is applied to reflect the outlook of the parameters used in the expected credit loss calculation.

Expected credit loss provision calculation:

The Bank uses the "Probability of Default x Loss in Default x Default" amount that takes into account the time value of money in the expected credit loss calculation. For the first stage receivables, 12-month expected credit loss calculation is applied, considering future information. For the second stage receivables, calculations are made for the expected life of the loan. Expected lifetime expected credit loss is calculated by discounting and collecting possible credit losses in every 12-month Period until

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

maturity. The default probability is taken as 100% for non-performing loans and the expected loan losses are calculated in accordance with the expected life approach. Although methodological calculation methods have been determined, there are currently no loans classified in the second and third stages in the Bank's portfolio. The entire loan portfolio is at the first stage.

VIII. DISCLOSURES ABOUT NETTING AND DERECOGNITION OF FINANCIAL INSTRUMENTS

Explanations on netting of financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

IX. INFORMATION ON SALES AND REPURCHASE AGREEMENTS AND LENDING OF SECURITIES

Funds provided by the Bank for securities sold under agreements for repurchase agreements ("Repo") are followed in the legal records in the "Funds Provided under Repurchase Agreements" and "Funds Provided under Repurchase Agreements-FC" Accounts.

Securities subject to repo (repurchase agreements) are classified as "Financial assets at fair value through profit or loss" or "Financial assets at fair value through other comprehensive income" according to their purposes to be held in the Bank's portfolio. Revenues from securities subject to repo are accounted for in interest income and expenses paid under repurchase agreements are accounted in interest expense accounts.

Funds given against securities purchased under agreements to resell ("Reverse repos") are accounted under "Receivables from money market" in the balance sheet. Interest income accruals are calculated according to the "effective interest (internal rate of return) method" for the portion of the difference between repurchase agreements and purchase and resale prices. Difference between the purchase and resale prices determined by reverse repurchase agreements, the interest income accrual is calculated according to the "Effective interest rate method".

As of March 31, 2026, the Bank has no repo, reverse repo and foreclosed marketable securities (December 31, 2025: None)

X. EXPLANATIONS ON ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS AND THE RELATED LIABILITIES

Assets held for sale, consist of tangible assets due to non-performing loans are accounted for in accordance with "TFRS 5 related to Held for Sale Fixed Assets and Discontinued Operations Turkey Financial Reporting Standards" in the financial statements.

A discontinued operation is part of a bank's business classified as disposed or held-for-sale. It refers to a separate main business line or the geographical area of its activities. It is a part of the sale of a separate main line of business or geographical area of operations alone in a coordinated plan, or is a subsidiary acquired solely for resale.

As of March 31, 2026, the Bank has no assets held for sale and discontinued operations (December 31, 2025: None).

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

XI. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill represents the difference between the cost of goods sold and the fair value of the identifiable assets, liabilities and contingent liabilities of the acquiree's entity / operation, and represents the payment made by the acquirer to the entity for future benefit recognition. Not included in the financial statements of the business acquired in business combinations; however, assets that are separable from goodwill, intangible assets (such as credit card brand value and customer portfolio) and / or contingent liabilities are recognized in the financial statements at fair value.

Goodwill calculated in accordance with TFRS 3 - Business Combinations Standard is not subject to amortization but instead is tested for impairment in accordance with TAS 36 - Impairment of Assets, more frequently, annually or in cases where the conditional changes in circumstances indicate it may be impaired.

Intangible assets are amortized using the straight-line method over their estimated useful lives. The determination of the useful life of the asset is made by assessing the expected duration of use of the asset, the technical, technological or other type of obsolescence and the maintenance costs required obtaining the expected economic benefit from the asset.

The main assets that the Bank classifies as intangible assets are the license and development fees paid by the Bank for the systems it uses. Intangible assets are depreciated using the straight-line method over their useful lives. The depreciation method and period are reviewed periodically at the end of each year.

As of March 31, 2026, there is no goodwill in the accompanying financial statements (December 31, 2025: None).

XII. EXPLANATIONS ON TANGIBLE ASSETS

In accordance with the "Accounting Standard for Tangible Fixed Assets" ("TAS 16"), the cost of the tangible assets is determined by adding the initial amounts of the tangible assets and other direct expenses required to make the asset available. Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

For assets that are less than an active accounting Period, depreciation is provided for the amount of the depreciation for the full year, as measured by the proportion of the asset over the life of the asset.

If the carrying amount of an item of property, plant and equipment is greater than its market value, an impairment loss is recognized for the excess amount and the amount is recognized in the financial statements. Gains or losses arising from the disposal of tangible fixed assets are transferred to profit and loss accounts of the related Period.

Maintenance and repair costs incurred for tangible assets are recorded as expense.

Depreciation rates and estimated useful lives used for the tangible assets are as follows:

Tangible Assets	Estimated Useful Life (Year)	Amortization Rate (%)
Operating Leases	1-9	11.11-100
Furniture	5-10	10-20
Office equipment	3-10	10-33.33
Safe	50	2
Vehicles	5	20

There are no restrictions such as pledges, mortgages or any other restriction on tangible assets.

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

XIII. EXPLANATIONS ON LEASING TRANSACTIONS

The Bank is a lessee in the offices used for the marketing of operational area services and operations, and there are no financial leasing transactions.

Explanations on TAS 16 Leases Standard:

TAS 16 Leases Standard was published in the Official Gazette dated April 16, 2019 and numbered 29826, effective from January 1, 2019. This Standard specifies the principles for the leasing, presentation, presentation and disclosure of leases. The purpose of the standard is to provide tenants and lessees with appropriate information. This information is the basis for evaluating the impact of the leases on the entity's financial position, financial performance and cash flows by users of financial statements. The Bank has started to apply the related standard on January 1, 2019.

Measurement, Presentation and Reflection of Financial Leasing into Financial Statement

The amount of the lease obligation is shown in the balance sheet as gross in proportion to the total of all cash payments under the contract and netted off with the interest expense arising from the contract. The usage right arising from the leasing transactions is capitalized at the date of the rental at the beginning of the lease by measuring the present value of the lease payments that have not been paid at that date. In this measurement, if the interest can be easily determined, the implied interest rate in the lease is used. If this ratio cannot be easily determined, the Bank's alternative borrowing interest rate announced by the Treasury Unit is used.

XIV. EXPLANATIONS ON PROVISIONS AND CONTINGENT ASSETS/LIABILITIES

Provisions and contingent liabilities except for the financial instruments within the scope of the TFRS 9 or the provisions recognized in accordance with other standards such as TAS 12 and TAS 19 are accounted in accordance with the "Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets" (TAS 37).

Provision is made in the financial statements if there is an existing obligation resulting from past events, it is probable that the obligation will be met and the obligation can be reliably measured. Provisions are calculated based on the Bank Management's best estimates of the expenditure required to settle the obligation at the balance sheet date and are discounted to the present value where the effect is material.

For liabilities that arise because of past events, provision is made if the probability of occurrence is high and the amount can be reliably estimated at the time when those liabilities are incurred.

Contingent assets usually consist of unplanned or other unexpected events that give rise to the possibility of entry into the business of economic benefits. The presentation of contingent assets in the financial statements is not included in the financial statements, as it may result in the recognition of an income that can never be obtained. Contingent assets are disclosed in the footnotes of financial statements if it is probable that the economic benefits will flow to the enterprise. Contingent assets are assessed on an ongoing basis to ensure that their development is accurately reflected in the financial statements. If it becomes almost certain that the economic benefit will enter the Bank, the related asset and related income are reflected in the financial statements of the Period in which the change occurs.

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

ACCOUNTING POLICIES (Continued)

XV. EXPLANATION ON LIABILITIES RELATED TO EMPLOYEE RIGHTS

In accordance with the existing social legislation in Turkey, the Bank is required to make lump-sum termination indemnities including retirement and notice payments to each employee whose employment is terminated due to resignation or for reasons other than misconduct. In accordance with the revised TAS 19 employee benefits standard ("TAS 19"), such payments are recognized as defined benefit plans.

The retirement pay liability recognized in the balance sheet is calculated according to the present value of the amount of the liability expected to arise in the future due to retirement of all employees and reflected to the financial statements. Amendments to TAS 19 change the accounting for defined benefit plans and termination benefits. Changes require that all actuarial losses and gains be accounted for as other comprehensive income immediately in order to reflect the full value of the net retirement asset or liability in the balance sheet. Changes to TAS 19 should be applied retrospectively.

a. Defined benefit plans:

According to the laws and collective agreements existing in Turkey, retirement pay is paid in case of retirement or dismissal. The Bank recognizes the provision for the rights of its employees by estimating the present value of its future probable obligation in the event of retirement or dismissal.

There are no foundations, pension funds or similar associations of which the employees are members.

b. Defined contribution plans:

The Bank, on behalf of its employees, must pay contributions to the Social Security Institution (SSI) in the amount determined by law. Apart from the contribution paid by the Bank, there is no other obligation to pay to its employees or the SSI. These premiums are reflected to the personnel expenses in the Period when they are accrued.

c. Short-term benefits to employees:

The liabilities arising from the vacation pay defined as "short-term benefits to employees" within the scope of TAS 19 are accrued and are not discounted at the Periods when they are earned.

XVI. EXPLANATIONS ON TAXATION

a. Corporate tax:

Effective January 1, 2023, corporate income tax for banks in Turkey is subject to a 30% corporate tax.

With the Law No. 7456 published in the Official Gazette dated 15 July 2023 and numbered 32249, corporate tax rate for banks has been increased to 30% from 25%, and has been applied to the corporate earnings of the accounting periods starting from January 1, 2023.

Advanced taxes are paid based on the quarterly earnings of the relevant accounting period, at the corporate income tax rate applicable to that year's earnings. Provisional taxes paid during the year are offset against the corporate income tax calculated on that year's corporate income tax return. Corporate income tax returns must be filed between the first day of the fourth month following the closing of the relevant accounting period and paid in a single installment by the end of that month.

Provisions for corporate and income taxes calculated on the profit for the period are recorded as "Current Tax Liability" in the liabilities section and as expenses in the "Current Tax Provision" account in the income statement.

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

ACCOUNTING POLICIES (Continued)

EXPLANATIONS ON TAXATION (Continued)

a. Corporate Tax (Continued)

According to the Corporate Tax Law, financial losses shown on a tax return can be deducted from the corporate tax base for a period not exceeding five years. Declarations and related accounting entries can be examined within five years by tax office.

If profits are not distributed for the period, no additional tax is applied. No withholding tax is applied to dividends paid to corporations' resident in Turkey. Pursuant to the Council of Ministers Decree numbered 2009/14593 and the Council of Ministers Decree numbered 2009/14594, published in the Official Gazette dated February 3, 2009 and numbered 27130, and Articles 15 and 30 of the Corporate Tax Law numbered 5520, profit distributions to full-fledged taxpayer individuals, those not liable to corporate tax and income tax, those exempt from corporate tax and income tax, limited taxpayer corporations (excluding those receiving dividends through a workplace or permanent representative in Turkey), and limited taxpayer individual individuals were subject to a withholding tax of 15%. However, with the Presidential Decree published in the Official Gazette dated December 22, 2021 and numbered 31697, this rate was changed to 10%. However, with the Presidential Decree numbered 9286, dated December 21, 2024, the dividend withholding tax rate was increased from 10% to 15%. When applying withholding tax rates for profit distributions to limited-taxpayer corporations and individuals, the practices in the relevant Double Taxation Agreements are also considered. Additions of profits to capital are not considered profit distributions, and withholding tax is not applicable.

Article 298 of the Tax Procedure Law stipulates that financial statements will be subject to inflation adjustment if the increase in the producer price index exceeds 100% in the last three accounting periods, including the current one, and exceeds 10% in the current accounting period. As of December 31, 2021, these conditions were met. However, with the "Law on Amendments to the Tax Procedure Law and the Corporate Tax Law" numbered 7352, published in the Official Gazette dated 29 January 2022 and numbered 31734, temporary article 33 was added to the Tax Procedure Law numbered 213 and it has been enacted that the financial statements will not be subject to inflation adjustment regardless of whether the conditions for inflation adjustment within the scope of Article 298 are met in the 2021 and 2022 accounting periods including temporary tax periods (as of the accounting periods ending in 2022 and 2023 for those to which a special accounting period is assigned) and in the 2023 accounting period, including temporary tax periods, financial statements will not be subject to inflation adjustment and that the financial statements dated 31 December 2023 will be subject to inflation adjustment regardless of whether the conditions for inflation adjustment are met and the profit/loss differences arising from the inflation adjustment will be shown in the prior years' profit/loss account.

According to Article 17 of Law No, 7491 on Amendments to Certain Laws and Decree Laws, published in the Official Gazette No. 32413 dated December 28, 2023, banks, companies covered by Law No. 6361 on Financial Leasing, Factoring, Financing, and Savings and Finance Companies dated November 21, 2012, payment and electronic money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies, and pension companies will not take profit/loss differences resulting from inflation adjustments made in the 2024 and 2025 accounting periods, including provisional tax periods, into account in determining income. The President has been authorized to extend the periods specified under this paragraph by one accounting period, including provisional tax periods.

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

ACCOUNTING POLICIES (Continued)

EXPLANATIONS ON TAXATION (Continued)

a. Corporate Tax (Continued)

According to Temporary Article 37 of Tax Procedural Law which was added by the Law No, 7571 on Amendments to Certain Laws and Decree Laws, published in the Official Gazette No. 33118 dated December 25, 2025, inflation adjustment will not be applied to financial statements in the 2025, 2026 and 2027 accounting periods including provisional tax periods without considering the conditions of inflation adjustment on article 298/ç. The President has been authorized to extend the periods specified under this paragraph by three accounting period, including provisional tax periods.

For the accounting periods including extended periods covered by authorization, in which inflation adjustment is not applied, Tax Procedural Law allows to revaluation of economic assets. Accordingly, the Bank has subjected its economic assets to depreciation in its balance sheet as of December 31, 2025, provided that the conditions stipulated in the provisions of bis Article 298/ç of the Tax Procedure Law. Corporate tax is calculated by considering the depreciation allocated on the revalued values of economic assets subject to depreciation.

b. Deferred tax:

The Bank calculates and accounts for deferred taxes in accordance with TAS 12 "Income Taxes" for temporary differences between the tax base determined in accordance with the accounting policies and valuation principles applied and the tax legislation.

The Bank's deferred tax assets and liabilities are presented on a net basis in the unconsolidated balance sheet, as a result, a net deferred tax asset of TRY 51,889 (December 31, 2025: TRY 66,164 net deferred tax asset) has been recognized in the financial statements.

Deferred tax calculation includes tax effects of the revalued economic assets (revalued as of December 31, 2025) according to bis Article 298/ç of the Tax Procedure Law.

In calculating deferred tax, the tax rates in effect as of the balance sheet date are used in accordance with current tax legislation, estimating when temporary differences will become taxable/deductible.

With the Law No. 7456 published in the Official Gazette dated 15 July 2023 and numbered 32249, corporate tax rate for banks has been increased to 30% from 25%, and has been applied to the corporate earnings of the accounting periods starting from January 1, 2023; therefore, tax rate is 30% on the calculation of deferred assets and liabilities as of March 31, 2026.

Deferred tax liabilities are calculated for all taxable temporary differences, while deferred tax assets arising from deductible temporary differences are calculated on the condition that it is highly probable that these differences will be utilized through future taxable profits. Effective January 1, 2020, with the provisions of IFRS 9, deferred tax assets are calculated based on expected loss provisions constituting temporary differences. Deferred taxes related to assets directly attributable to equity are associated with the equity account group and netted with the relevant accounts within this group.

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

ACCOUNTING POLICIES (Continued)

EXPLANATIONS ON TAXATION (Continued)

c. Local and Global Minimum Supplementary Corporate Tax:

Domestic Minimum Top Up Corporate Tax

In September 2023, the POA published amendments to TAS 12 that introduce a mandatory exception for the recognition and disclosure of deferred tax assets and liabilities related to Second Pillar income taxes, these amendments clarify that TAS 12 will apply to income data arising from tax laws that have entered into force or are close to entering into force for the purpose of applying the Second Pillar Model Rules published by the Organization for Economic Co-operation and Development (OECD). These amendments also introduce specific disclosure requirements for entities affected by such tax laws, the exception stipulating that information about deferred taxes within this scope will not be recognized or disclosed, as well as the disclosure requirement that the exemption has been applied, will be implemented upon publication of the amendment. The Pillar 2 regulations agreed upon by OECD member countries entered into force in Turkey with Law No, 7524 on Amendments to Tax Laws and Certain Laws and Legislative Decree No, 375, published in the Official Gazette on August 2, 2024. These regulations does not have impact on financial status and performance.

Domestic Minimum Corporate Tax

Turkey has put into effect the Domestic Minimum Corporate Tax with the laws published in the Official Gazette dated August 2, 2024. This tax will be applied starting from the 2025 accounting period. The regulation of the Minimum Corporate Tax was introduced with Law No. 7524, regarding the corporate tax calculated within this scope is not being less than 10% of the corporate income before deductions and exemptions. The regulation will enter into force on the date of publication to be applied to the corporate income of the 2025 taxation period. In addition, the Corporate Tax General Communiqué No. 23 has been published on the subject.

d. Transfer pricing:

The "disguised profit" principle, which was included in Corporate Tax Law No, 5422, was redefined under the title "Disguised profit distribution through transfer pricing" by Article 13 of Corporate Tax Law No. 5520. Explanations regarding this article, which entered into force on January 1, 2007, and the amendments made to Article 41 of the Income Tax Law by Law No. 5615 are set out in the General Communiqué on Disguised Profit Distribution through Transfer Pricing, published in the Official Gazette dated November 18, 2007, and numbered 26704.

The "arm's length principle," which forms the basis of the transfer pricing regulation, means that the price or price applied in the purchase or sale of goods or services with related parties should be consistent with the price or price that would have been incurred if no such relationship existed between them. According to the relevant communiqué, if taxpayers engage in purchase and sale transactions with related entities (individuals) of products, services, or goods whose pricing is not conducted in accordance with the arm's length principle, the relevant profits will be deemed to have been distributed disguisedly through transfer pricing. Disguised profit distributions through such transfer pricing will not be deductible from the tax base for corporate tax purposes.

The "Transfer Pricing, Controlled Foreign Institution, and Disguised Capital Form" regarding transactions conducted with related parties during the accounting period is submitted to the relevant tax office as an appendix to the Corporate Tax Return for the relevant period.

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

XVII. ADDITIONAL EXPLANATIONS ON BORROWINGS

The Bank's fund resources consist of borrowing from foreign financial institutions. Instrument regarding borrowing are valued with their fair values and other financial liabilities are carried at "amortised cost" using the effective interest method. As of March 31, 2026, the Bank hasn't obtained funds from foreign institutions through borrowings. (December 31, 2025: TRY None).

XVIII. EXPLANATIONS ON SHARE CERTIFICATES ISSUED

None (December 31, 2025: None).

XIX. EXPLANATIONS ON BANK ACCEPTANCES AND BILLS OF GUARANTEE

Bank acceptances and bills of guarantee are presented within off-balance sheet liabilities as being possible liabilities and commitments. As of the balance sheet date, there are no bank acceptances and bills of guarantee recognized as liability against an asset (December 31, 2025: None).

XX. EXPLANATIONS ON GOVERNMENT INCENTIVES

As of the balance sheet date, the Bank does not have any government incentives (December 31, 2025: None).

XXI. EXPLANATIONS ON PROFIT RESERVES AND PROFIT DISTRIBUTION

At the Ordinary General Assembly meeting held on March 26, 2026, in accordance with the profit distribution proposal of the Bank's Board of Directors, it was decided that TRY 61,776 of the 2025 net profit of TRY 884,085 would be set aside as reserves, TRY 822,308 would be transferred to undistributed profits. The transfer of TRY 884,085 to reserves and dividend payable accounts was completed on March 27, 2026.

Other than legal reserves in statutory financial statements, retained earnings and reserves set aside by the resolution of the general assembly are available for distribution, subject to the legal reserve requirement set out below, Legal reserves consist of first and second reserves as stipulated in the Turkish Commercial Code ("TCC"). The TCC stipulates that the first legal reserve should be separated from profits at a rate of 5% until it reaches 20% of the total reserve paid-in capital. The second legal reserve is reserved at the rate of 10% on all cash dividend distributions exceeding 5% of the paid-in capital.

XXII. EXPLANATIONS ON EARNINGS PER SHARE

Earnings per share are calculated by dividing net profit for the year to the weighted average number of shares outstanding during the Period concerned. Earnings per share disclosed in the income statement are calculated by dividing net profit for the year to the weighted average capital outstanding during the Period concerned.

In Turkey, companies can increase their share capital by making a pro-rata distribution of shares ("bonus shares") to existing shareholders from retained earnings. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect to bonus shares issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier Period. Where the number of outstanding shares increase due to distribution of bonus shares after the balance sheet date but before the release of the financial statements, earnings per share computations are performed based on the revised average number of shares.

	Current Period	Prior Period
Current Period Profit / (Loss)	188,371	193,826
Number of Shares	1,051,230	1,051,230

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

INFORMATION ON FINANCIAL POSITION AND RISK MANAGEMENT (Continued)

I. EXPLANATIONS ON THE COMPONENTS OF SHAREHOLDERS' EQUITY (Continued)

Explanations on reconciliation of shareholder's equity items to balance sheet:

The difference between "Equity" in equity table and "Shareholder's Equity" in the unconsolidated balance sheet mainly arises from TFRS 9 transition effect of Stage 1 provisions. In the calculation of Total Capital, TFRS 9 Stage 1 expected credit losses up to 1.25% of credit risk is taken into consideration as Tier II Capital. On the other hand, in the calculation of the "Equity", improvement costs for operating leases followed under tangible assets in the balance sheet, and related deferred tax liabilities, other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

	Current Period 31.03.2026	Prior Period 31.12.2025
Paid in Capital	1,051,230	1,051,230
Capital Reserves	2,786,789	1,902,704
Profit	214,600	910,314
Gains reflected in equity in accordance with TAS	306	11,940
Total Equity before Deductions	4,052,925	3,876,188
Deduction made within the scope of the Regulation	146,270	122,173
Common Equity Tier 1 Capital	3,906,655	3,754,015
Tier 1 Capital	3,906,655	3,754,015
General Provisions (Up to 1.25%)	30,773	44,497
Total Equity	3,937,428	3,798,512

II. EXPLANATIONS ON CURRENCY RISK

The difference between the Bank's foreign currency denominated on-balance sheet and off-balance sheet assets and the foreign currency denominated on-balance sheet and off-balance sheet liabilities are defined as "FC Net General Position" and form the basis for exchange rate risk. An important dimension of the exchange rate risk is the risk (cross-currency risk) caused by the exchange of values of the foreign currencies against each other in the FX net general position.

Measurable and manageable risks are taken within legal limits. The Bank applies stress tests against the fluctuations in foreign currency within the year.

The Bank uses the "standard method" which is also used in legal reporting to measure the foreign exchange risk.

There is no significant foreign currency position in relation to the balance sheet size of the Bank and if any exchange rate risk occurs, it is taken counter position and exchange rate risk is not transferred.

The Bank's current foreign exchange buying rates announced on March 31, 2026 and December 31, 2025 as well as the last five days financial statement valuation rates are as follows: (All rates presented as full TRY)

INFORMATION ON FINANCIAL POSITION AND RISK MANAGEMENT (Continued)

III. EXPLANATIONS ON INTEREST RISK

Interest rate risk is the probability of loss due to changes in interest rates depending on the Bank's position regarding the interest-bearing financial instruments. Interest rate risk arises because of timing differences on the re-pricing of assets and liabilities, changes in correlation of interest rates between different financial instruments and, unexpected changes in the shape and slope of yield curves.

Exposure to interest rate movements arises when there is a mismatch between rate sensitive assets and liabilities. Interest rate risk is a key component of the Bank's market risk and asset and liability management. As part of asset and liability management, sensitivity analysis are used to measure the effects of changes in yield curves on the balance sheet.

The impact of interest rate volatility to the Bank will be analysed by presenting the results to the Risk Committee and senior management regularly. In this analysis, it is planned to calculate possible losses in fair value changes on interest rate sensitive products by interest rate shocks.

In the calculation of the Bank's exposure to interest rate risk, standard method is used.

Interest rate sensitivity of assets, liabilities and off-balance sheet items (Based on repricing dates)

Nature of interest rate risk resulted from banking book

Interest rate risk arising from banking accounts

Published in the Official Gazette dated 12 May 2025 and numbered 32898, the "Regulation on the Measurement and Assessment of Interest Rate Risk Arising from Banking Accounts (IRBB) Using the Standardised Approach" published in the Official Gazette dated 12 May 2025 and numbered 32898, the Economic Value Change (EVC) risk amount calculation has been updated to be consistent with Basel standards in order to ensure that banks' economic value sensitivity to interest rate risk is measured in a more accurate, comprehensive and comparable manner. Under this regulation, measurements based on EDD calculations will be reported monthly on a solo basis as of 1 October 2025.

Qualitative and quantitative information regarding IRRBB risk management objectives and policies

Explanation of how the bank defines IRRBB for risk control and measurement purposes
Interest Rate Risk in the Banking Book (IRRBB) is used to describe the potential impact of possible changes in market interest rates on the bank's economic value and/or net interest income, due to mismatches in the repricing maturity gaps of on-balance sheet and off-balance sheet items in the banking book.

Explanation regarding IRRBB management and risk mitigation strategies

The management of Interest Rate Risk in the Banking Book involves processes including the regular monitoring of impacts on economic value and net interest income in line with limits set within the bank's risk appetite framework. In this context, risk indicators calculated under interest rate shock and curve scenarios are regularly analyzed; adjusting the balance sheet structure by considering hedging strategies and, when necessary, implementing risk mitigation through derivative products are evaluated by management.

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS
AS OF MARCH, 31 2026**

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

Nature of interest rate risk resulted from banking book (Continued)

Within the IRRBB management process, the Asset and Liability meetings holds a significant role in monitoring the risk, assessing compliance with limits, and determining necessary actions. The measurement and monitoring framework is regularly reviewed by taking into account possible changes in market conditions and the expectations of regulatory authorities, thereby sustainably strengthening the effectiveness of the bank's Interest Rate Risk in the Banking Book management.

Explanation regarding the calculation frequency of IRRBB measurements and the measurement method used to measure sensitivity to IRRBB

Interest Rate Risk in the Banking Book measurements are prepared and submitted and reported to the BRSA in monthly. Sensitivity measurements are conducted using economic value sensitivity and net interest income sensitivity approaches, in a manner that reflects the effects of parallel and non-parallel changes in interest rates on the bank's economic value and net interest income.

Explanation regarding the interest rate shock and stress scenarios used in calculating the Economic Value and the Net Interest Income amount

In calculating the Economic Value Change, interest rate shock and stress scenarios are used in compliance with the regulatory framework and internal risk management practices. These scenarios consist of upward and downward parallel interest rate shocks as well as non-parallel scenarios including curve steepening, flattening, and short-long-term rate changes. In Net Interest Income analyses, parallel shock scenarios are applied.

Explanation regarding cases where significant modeling assumptions used in the ICAAP differ from the modeling assumptions stated in Template IRRBB1, what these assumptions are, their effects, and the reasons for making them

The rates for loan prepayment, early termination of time deposits and non-maturity deposit balances to maturity buckets have been used as specified in the BRSA communiqué.

General explanation regarding the hedge accounting framework for IRRBB and related accounting practices

The bank's hedge accounting framework for Interest Rate Risk arising from the Banking Book has been established by considering asset-liability management strategies that aim to keep interest rate risk at levels consistent with the balance sheet structure and risk appetite. Accordingly, in addition to natural hedging elements, hedge accounting transactions may be performed through derivative financial instruments when deemed necessary. Accounting practices related to these transactions are conducted in compliance with applicable accounting standards and regulatory requirements; the effectiveness of interest rate risk hedging is regularly monitored and reported.

General level explanation including the following regarding the basic modeling assumptions used in calculating the Economical Value Change and Net Interest Income amount in Template IRRBB1

The Economical Value Change is calculated in accordance with the Regulation on Interest Rate Risk Arising from Banking Accounts published by the BRSA on May 12, 2025. For variable rate products, an additional fixed interest rate on the cash flows of the variable interest rate on the product has been considered.

In the net interest income sensitivity analysis, by assuming that positions maturing within one year are rolled over and repriced at maturity, parallel upward and downward interest rate shocks of +/- 500 basis points for Turkish Lira and +/-200 basis points for Foreign Currencies are applied. The analysis measures the impact of changes in market interest rates on expected net interest income over the next 12 months.

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

III. EXPLANATIONS ON INTEREST RATE RISK (Continued)

Nature of interest rate risk resulted from banking book (Continued)

Non-maturity deposit balances have been segmented into components based on sensitivity to market conditions and customer behavior, the rates for loan prepayment and early redemption of time deposits have been used as specified in the BRSA communiqué.

Explanation regarding all other assumptions (including instruments with excluded behavioral optionality) that have a significant effect on the Economical Value Change and Net Interest Income amount disclosed in Template IRRBB1, and why they are significant

In accordance with paragraph 5 of Article 8 of the Regulation, which explains the process regarding positions with low standardizability, time deposits with early termination risk and fixed-rate loans with prepayment risk belonging to other non-retail individual customers and non-retail corporate customers, are classified among non-standardizable positions by using the prepayment and early termination rates determined by the Banking Regulation and Supervision Agency, and their calculation has been performed within the framework of Article 7.

Aggregation methodologies between currencies and significant interest rate correlations between different currencies.

As specified in the communiqué on Interest Rate Risk Arising from Banking Accounts, currencies (TRY, USD, EUR, CNY) whose share exceeds 5% within all active items tracked in banking accounts (excluding assets deducted from core capital, tangible fixed assets, intangible fixed assets, and equity investments) or whose share exceeds 5% within all passive items excluding core capital, are reported. For each currency, the shock rates assigned to it as specified in the regulation have been used. Interest rate correlations between different currencies have not been included, as they would reduce the reported risk amount and would not comply with the prudence principle.

IV. EXPLANATIONS ON POSITION RISK OF EQUITY SECURITIES

1. Balance sheet values, fair value and market value comparison of equity investments

None (December 31, 2025: None).

2. Information on realized gains or losses on revaluation surplus, unrealized gains or losses and their included amounts in Tier 1 and 2 capital

None (December 31, 2025: None).

V. EXPLANATIONS ON LIQUIDITY RISK AND LIQUIDITY COVERAGE RATIO

The Bank established Liquidity Management Principles in order to monitor, audit and manage its liquidity position and liquidity requirement. Liquidity risk of the Bank is managed through taking potential funding sources, unexpected situation plans and legal limits into consideration within the framework of limits which are updated at least annually. It is aimed to carry out activities through ensuring a liquidity level which can provide to make payments at any time to sustain the trustable bank image of the Bank in the sector via taking risk/return balance of the Bank into consideration. Cash inflow and outflows in Turkish Lira and foreign currencies are tried to be kept under control continuously in liquidity risk management approach, long-term cash flow tables are formed and scenario analysis based on expectations and stress tests are performed to determine the resistance against the sudden crisis.

The Bank determines the liquidity risk appetite and strategy written under the Liquidity Risk Policy. In this context, the Bank controls maturity mismatch between assets and liabilities to be protected from liquidity risk and maintains liquid values in order to ensure the liquidity needs that can arise because of market fluctuations.

V. EXPLANATIONS ON LIQUIDITY RISK AND LIQUIDITY COVERAGE RATIO (Continued)

Liquidity coverage ratio:

The liquidity coverage ratio is calculated by dividing the high-quality liquid assets to the Bank's net cash outflows in the next 30 days' period. Important balance sheet items that determine the ratio are required reserves held by the CBRT, corporate deposits and receivables from banks. These items have higher impact on the liquidity coverage ratio than the other items due to high share of liquid assets and net cash outflows, higher rate of consideration and variability.

Current Period 31.03.2026		Total Unweighted Value (Average)(*)		Total Weighted Value (Average)(*)

23	Liquidity Coverage Ratio (%)			1,376	796

(*) The arithmetic average of the last three months weekly-unconsolidated Liquidity Coverage Ratios are used.

Liquidity coverage ratios are calculated on a weekly and monthly basis as of January 1, 2015 in accordance with the "Regulation on Calculation of the Liquidity Coverage Ratio of Banks" published in the Official Gazette No. 28948 dated March 21, 2014 and are subject to legal reporting. Liquidity coverage ratio must be at least 80% for foreign currency assets and liabilities for 2020, and at least 100% for total assets and liabilities. The dates and values of the lowest and highest foreign currency and total unconsolidated liquidity coverage ratios calculated weekly for the last three months are explained in the table below:

Current Period 31.03.2026						
	Highest	Date	Lowest	Date	Average

VI. EXPLANATIONS ON LEVERAGE RATIO

The leverage ratio calculated by the Bank in accordance with the “Regulation on Measurement and Evaluation of Leverage Level of Banks” is 16.17% (December 31, 2025: 17.27%). This rate is above the minimum rate, and the regulation stipulated the minimum leverage rate as 3%.

The table of leverage ratio calculated in accordance with the Regulation on Assessment and Calculation of Banks’ Leverage ratio published in the Official Gazette numbered 28812 and dated November 5, 2013 shown below.

	Current Period 31.03.2026 (*)	Prior Period 31.12.2025(*)
1 Balance sheet items (excluding derivative financial instruments and credit derivatives but including collaterals)	11,134,485	9,440,545
2 Assets deducted in determining Tier 1 capital	112,259	94,438
3 Total balance sheet risks (sum of lines 1 and 2)	11,022,226	9,346,107
Derivative financial instruments and credit derivatives		
4 Replacement cost associated with all derivative financial instruments and credit derivatives	-	-
5 Potential credit risk associated with all derivative financial instruments and credit derivatives	-	-
6 Total risks of derivative financial instruments and credit derivatives (sum of lines 4 to 5)	-	-
Securities or commodity financing transactions (SCFT)		
7 Risks from SCFT assets (except for on-balance sheet)	-	-
8 Risks from brokerage activities related exposures	-	-
9 Total risks related with securities or commodity financing transactions (sum of lines 7 to 8)	-	-
Off-balance sheet transactions		
10 Gross notional amounts of off-balance sheet transactions	12,975,195	12,214,060
11 (Adjustments for conversion to credit equivalent amounts)	-	-
12 Total risks of off-balance sheet items (sum of lines 10 and 11)	12,975,195	12,214,060
Capital and total risks		
13 Tier 1 capital	3,877,551	3,716,810
14 Total risks (sum of lines 3, 6, 9 and 12)	23,997,421	21,560,167
15 Leverage ratio	16.17	17.27

(*) Represents yearly weighted average amounts.

VII. EXPLANATIONS ON SECURITIZATION POSITIONS

None.

VIII. EXPLANATIONS ON RISK MANAGEMENT

Footnotes and related explanations are given in the section prepared based on “Communiqué on Public Disclosures Regarding to Banks Risk Management” published in Official Gazette No. 29511 at October 23, 2015 and became effective as of December 31, 2016. Based on this communique, the tables, which are to be prepared according to Internal rating-based (IRB) approach must be presented, are not presented because standard approach is used in calculation of the Bank’s capital adequacy.

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

INFORMATION ON FINANCIAL POSITION AND RISK MANAGEMENT (Continued)

EXPLANATIONS ON RISK MANAGEMENT (Continued)

1. Explanations on Risk Management and Risk Weighted Assets

3.1. Bank's Risk Management Approach

Risk management covers the processes of measuring and monitoring risks, controlling and reporting risks within certain limits. These activities are carried out by Risk Management by reporting directly to the Internal Systems Officer. The Risk Management function is independent from the executive units and fulfils its responsibilities to the Board of Directors through the Audit Committee and the Risk Committee, Risk Control Committee has been established to act as senior management level subcommittee for risk management.

Risks are measured by using methods that comply with international and local regulations, the Bank's policies and procedures and also those commensurate with the Bank's structure. Additionally, stress tests and scenario analyses are conducted and reported regularly to the senior management, Risk Committee and the Board of Directors. Results of these risk activities are being part of the Bank's decision-making processes.

Policies and procedures related to each of the quantifiable risks such as General Risk Policy, Market Risk, Liquidity Risk, Operational Risk have been formed in order to identify, measure and control the risks that the Bank may be exposed to due to its activities These internal regulations are approved by the Board of Directors before becoming effective.

In addition to these main policies; Internal Capital Adequacy Assessment Procedure for the determination of the internal capital requirements of the Bank and evaluating its adequacy, IFRS 9 procedure for calculation of expected credit loss and Stress Testing Implementation Procedure are developed and approved.

Credit and operational risk constitute the main risk factors that the Bank is exposed to. Primarily for these risks and for other quantifiable risks; limits, early warning thresholds and risk appetite indicators were set through the General Risk Appetite and Limit Policy and approved by the Board of Directors. Risk appetite and limits are reviewed regularly by the Internal Systems Officer, Risk Management Director, Risk Committee and the Bank's top management in a manner not to exceed the legal limits stated in the legislation and if deemed necessary, revised with the approval of the Board of Directors.

The risk reports prepared for assessing the risks of the Bank are regularly shared with the Board of Directors and senior management. Within the scope of the reports; information on compliance with the limits and risk appetite indicators defined on the basis of each type of risk, results related to capital adequacy and results of stress tests are given.

7.9. Explanations on non-performing loans

None (December 31, 2025: None).

7.10. Explanations on write-off policy

In order to ensure the collection and liquidation of the Bank's receivables, which are given legal follow-up instructions due to the loss of credit worthiness, the subjects such as the quality of the loan, the condition of the loan, the good will of the debtor and the urgency of the follow-up are determined, and the most appropriate action style is determined. Although the elimination of the risk is preferred through the administrative interventions and negotiations in the debtors, the liquidation method of the receivable is used by directly initiating legal follow-up procedures. However, the fact that legal proceedings have been initiated does not mean that administrative interviews have ended. An agreement can be made with the debtor regarding the liquidation of the Bank's receivables at each stage, if it is agreed.

As of March 31, 2026, the Bank does not have any written-off assets (December 31, 2025: None).

The table of current and prior period retirement pay provision is as follows:

BANK OF CHINA TURKEY A.Ş.

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

	Current Period	Prior Period
Opening Balance, January 1	593	331
Change during the period	55	271
Payments made	-	-
Actuarial Difference	1	(9)
Closing Balance, December 31	649	593

In accordance with the current labour law in Turkey, the Bank is required to pay termination benefits to the personnel who are dismissed from work due to retirement or who are terminated for reasons other than resignation and abuse. These compensations are the 30-day gross wage for each year of work based on the wage on the date of dismissal, As of March 31, 2026 and December 31, 2025, the ceiling of the provision for employment termination benefits is TRY 64,948.77 (full TRY) and TRY 64,948.77 (full TRY).

In the financial statements of March 31, 2026 and December 31, 2025, the Bank calculates the termination indemnity by discounting the annual inflation and interest rate usage. The inflation and interest rates used are as follows:

	Current Period	Prior Period
Inflation Rate	23,00%	23,00%
Interest Rate	28,15%	28,15%
Discount Rate	4,19%	4,19%

As of March 31, 2026, total provision for employee benefits amounting to TRY 76,613 (December 31, 2025: TRY 60,784) is composed of TRY 4,063 unused vacation provision (December 31, 2025: TRY 3,525), TRY 71,901 TRY bonus provision (December 31, 2025: TRY 56,665), TRY 649 provision for employee termination benefits (December 31, 2025: 593 TRY).

I. THE INTERIM ACTIVITY REPORT CONTAINING EVALUATIONS OF THE CHAIRMAN OF THE BOARD OF DIRECTORS AND THE GENERAL MANAGER REGARDING INTERIM PERIOD OPERATIONS (Continued)

D. Information on Branches and Personnel

As of March 31, 2026, Bank of China Turkey A.Ş. has 58 employees and 1 branch. The Bank runs its operations at its head office and branch. (December 31, 2025: 54 employees).

E. Evaluations of the Chairman of the Board of Directors and the General Manager

Bank of China Limited ("Main Shareholder") started its representative operations in Turkey through Bank of China Limited Turkey Representative Office incorporated in 2011. Pursuant to the decision of the Banking Regulation and Supervision Agency ("BRSA") dated May 2, 2016 and numbered 6880, Bank of China Turkey Anonim Şirketi (the "Bank") was granted the permission to incorporate a deposit bank in Turkey. After the incorporation of the Bank by obtaining the incorporation permission from BRSA, the Bank was officially granted permission for operation following the publication of the decision of BRSA dated December 1, 2017 and numbered 7612 on the volume of the Official Gazette dated December 7, 2017 and numbered 30263. With 99.99% shares of the Main Shareholder, the Bank was incorporated with its registration before Istanbul Trade Registry Office on January 10, 2017 and the said matter was announced on the Turkish Trade Registry Gazette dated January 17, 2017 and numbered 9243 together with the Bank's Articles of Association.

Our Bank started its banking operations on May 9, 2018.

Total assets of the Bank as of March 31, 2026 are TRY 10,098,637 (December 31, 2025: TRY 10,245,966). While our equity amounts to TRY 4,013,831 (December 31, 2025: TRY 3,876,796) our capital adequacy ratio is at the level of 24,52 % (December 31, 2025: 25,15%). As of March 31, 2026, the profit after tax of the Bank for the Period is TRY 188,371 (March 31, 2025: 193,826). The majority of such profit is the interest income derived from banks placements, government bonds and loans.

With the support and guidance of our shareholders and Board of Directors, we believe that our Bank will achieve its future goals successfully by prioritizing the customer satisfaction.

II. ECONOMIC DEVELOPMENTS AND BANKING SECTOR OVERVIEW

1. Global Economic Outlook

Global growth stands at 3.2% in Q1 2026. Global trade growth is around 2%. Inflation in advanced economies has declined to the 2.5–3% range, while financial conditions remain tight.

2. Central Banks and Interest Rates

The Federal Reserve policy rate remains at 2.25–2.50%. The ECB deposit rate stands at 2.00%. Central banks continue to maintain a cautious monetary stance.

3. Turkish Macroeconomic Outlook

Turkey's GDP growth is 2.8% in Q1 2026. Inflation (CPI) stands at 33%. The unemployment rate is 8.1%. CDS premium is around 230 basis points. The current account deficit is approximately 2.5% of GDP.

3.1 Interest Rates

NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH, 31 2026

(Amounts expressed in thousands of Turkish Lira (TRY) unless otherwise indicated)

4. Banking Sector

As of Q1 2026, total assets of the banking sector reached TRY 20.5 trillion. Total loans stand at TRY 12.5 trillion and deposits at TRY 12.8 trillion. Non-performing loans amount to TRY 450 billion, with an NPL ratio of 3.6%.

5. Overall Assessment

Tight monetary policy and high interest rates limit economic activity but support disinflation. The banking sector remains resilient, although credit growth has slowed down.

A.Ş. (Continued)**

Information Regarding Distribution of Profit

The legal reserves are allocated to the first and second reserves in accordance with Turkish Commercial Code (TTK). First legal reserves are allocated as 5% of the profit until the total reserves reach 20% of the paid-in capital. Second legal reserves are allocated as 10% of excess amount on profit distribution which is more than 5% of capital.

At the Ordinary General Assembly meeting held on March 26, 2026, in accordance with the profit distribution proposal of the Bank's Board of Directors, it was decided that TRY 61,776 of the 2025 net profit of TRY 884,085 would be set aside as reserves, TRY 822,308 would be transferred to undistributed profits. The transfer of TRY 884,085 to reserves and dividend payable accounts was completed on March 27, 2026.
